

Where Automation Connects...

A TURNKEY AUTOMATION-INSTRUMENTATION PROJECT COMPANY

DCS | PLC | SCADA | VISION | IIOT 4.0

About Us

VISION & MISSION

Vision:

To be one of the top & reputed One stop Automation and Instrumentation solution provider by adopting latest ultra modern intelligent technologies and live the smart way.

Mission:

To become a leading integrated engineering solution provider in the global industrial sector by continuously creating value for our customers

Our strength of dedicated & expert research & development team & in-house own design has made us a formidable player in customized automation & instrumentation.

Where state-of-the-art automation technologies of the 21st century are harnessed and utilized, where futuristic technologies are researched upon, where innovative configuration and central control are seamlessly integrated, a smart upshot ensues. This upshot makes things and activities happen the smart way, getting complex tasks simplified, controlling of repetitive activities, ensuring enhanced convenience and safety, saving of energy, saving of money, and contributing to a green environment. All these and more identify **ASICOT**.

Our goal is to establish ourselves as a one of key player in the global arena, especially process control automation & instruments to cater all the industry segments like Biogas, Water Treatments, Steel, Power, Mining, Oil & Gas, Food & Beverages, Chemicals, Fertilizers & Pharma, Medical, Automobile, Textile, etc.,

We are now emerged as the successful manufacturer of Process Control Instruments & Solutions providers. With the strength of our dedicated after sales support team, substantial number of instruments are saliently working on the field achieving a steady growth in market.

Quality Policy

“We, at Asicot, Pune, as a family commit ourselves to grow in our business to satisfy our customers through timely delivery of Innovative, Competitive & Reliable Process Control Automation & Instruments. This will be achieved through implementing innovative ideas with shake in hand of Rigorous R&D and Continual Improvement in our people, Processes and Quality Management System ”

WHY ASICOT

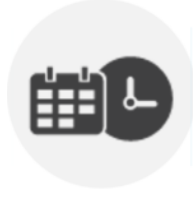

Expert in Automation since 2009

Extensive Product Range

Quality and Innovation

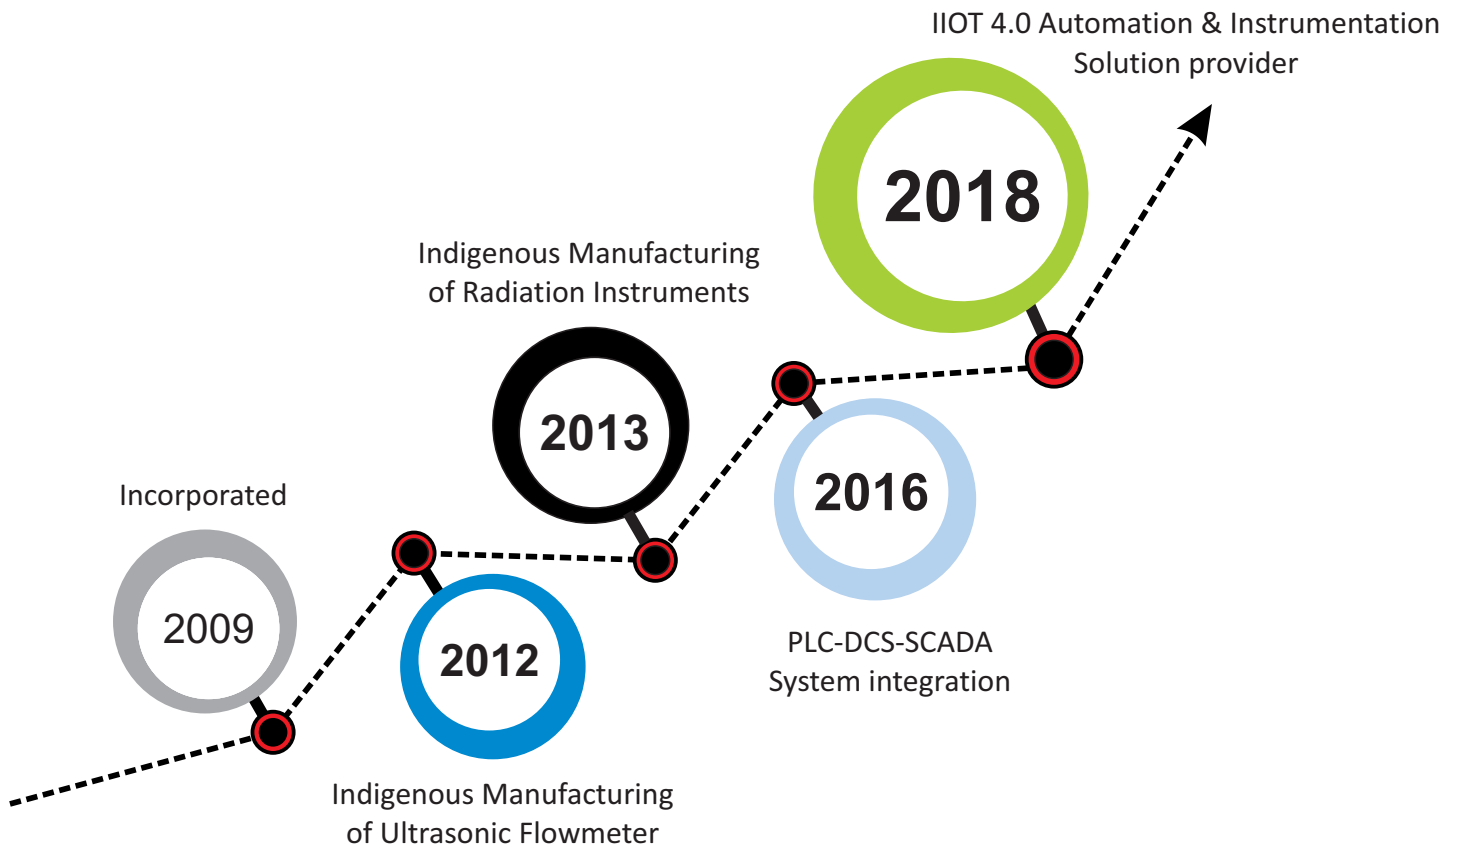

Managing Every Stage of Your Project

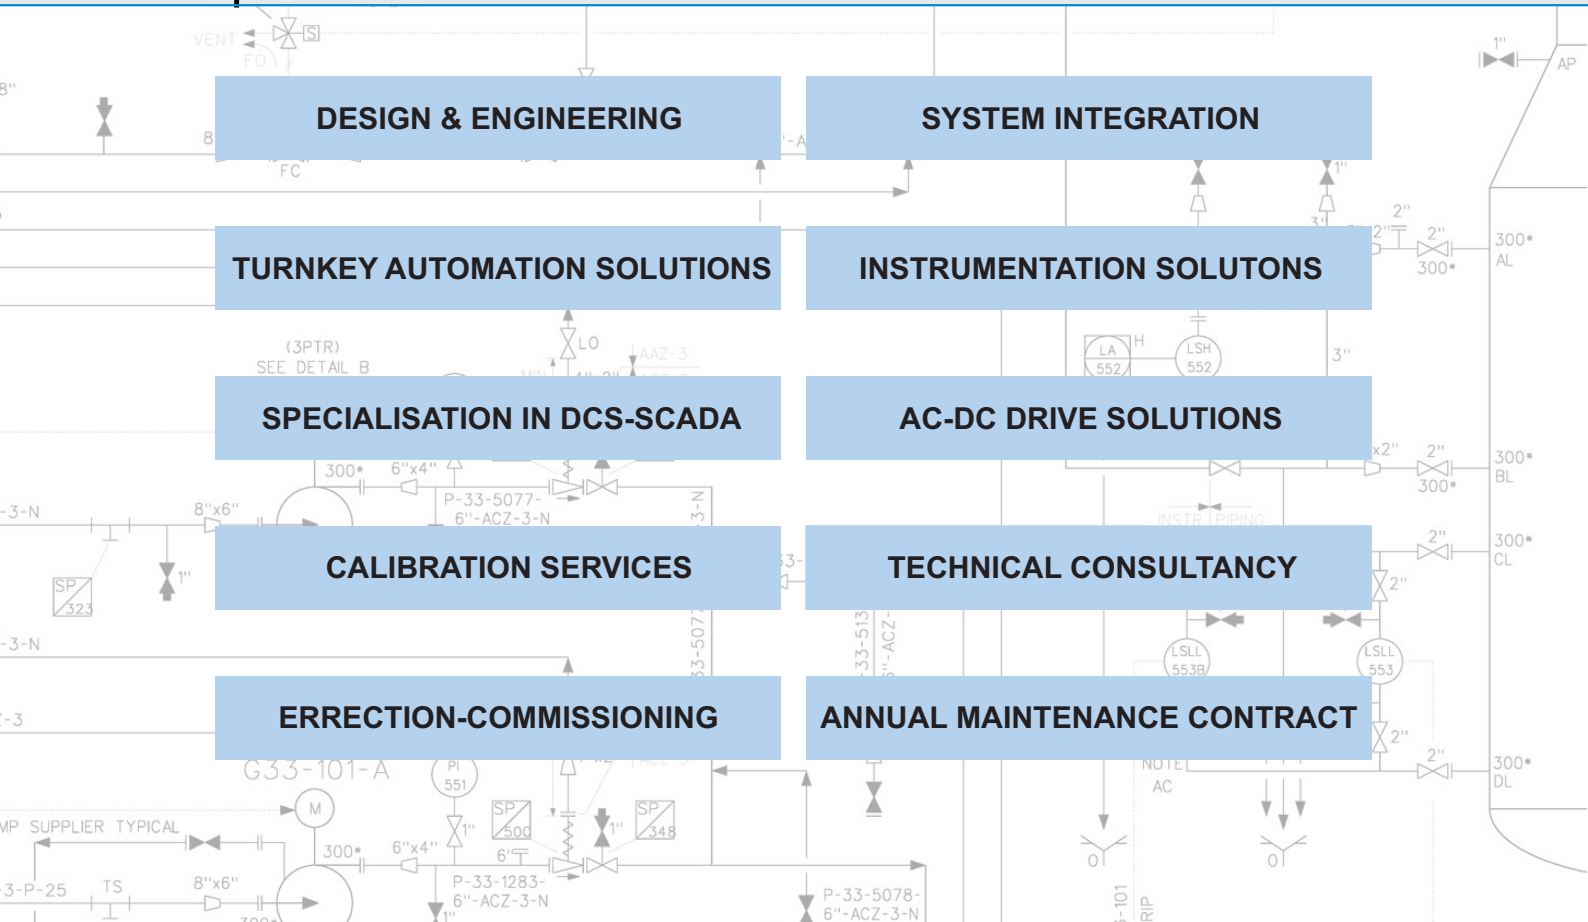

A Lifetime of Service & Support

Our Milestones

Our Specialization

Closer to Customers Worldwide

Happy Customers

100+

Plant Area

Unit 1: Kondhwa
12,000 sq. ft.

Projects Completed

150+

Export

Israel Thailand Kuwait
Australia Bangladesh Indonesia

Annual Production Capacity

Control Panel : 1200
Flowmeter : 100000
Pressure Tx. : 200000

Certification

CE Marking
HART Registered
ATEX Certification

Partners

AUTHORISED SYSTEM INTEGRATOR
